A new class

This year, I started Grade 2. Our teacher is very kind. She is tall and pretty. She wears colourful sarees. She always greets us with a smile. My mother drops me off at school. We go on my mother's Scooty. We both wear helmets.

In class, we learn to read and write. We also learn about numbers. I am quite good at counting numbers. I can even count backwards. My teacher says I am very clever.

My mother picks me up after school. I like school. I like going home too.
